Bardiya Aryanfard

bardiya.aryanfard@gmail.com | bardiya.aryanfard@ist.ac.at | +43(664)1874511 | LinkedIn

RESEARCH INTERESTS

Graph Algorithms, Differential Privacy

EDUCATION

INSTITUTE OF SCIENCE AND TECHNOLOGY AUSTRIA | PhD Candidate in Computer Science
Klosterneuburg, Austria | Sep 2023 – Current
Supervisor: Monika Henzinger

SHARIF UNIVERSITY OF TECHNOLOGY | B.Sc. in Computer Science
Tehran, Iran | Sep 2018 – Feb 2023
GPA: 18.83/20

WORK EXPERIENCE

PINKET | Front-end Web Developer
Tehran, Iran | Apr 2020 – Sep 2020

DAAL NAVIGATOR | Research and Development Intern
Tehran, Iran | Jul 2019 – Nov 2019

RESEARCH EXPERIENCE

IIT GANDHINAGAR | Research Assistant to Dr. Manoj Gupta
Feb 2021 – Jul 2021
Worked on shortest path algorithms in fault-tolerant graphs.

IIT HYDERABAD | Research Assistant to Dr. Fahad Panolan
Jul 2021 – Jan 2022
Worked on parameterized complexity of problems related to coloring.

SHANGHAI UNIVERSITY OF FINANCE AND ECONOMICS | Research Intern to Dr. Bundit Laekhanukit
Jun 2022 – Sep 2022
Worked on computational complexity of learning problems in interactive proofs.

PUBLICATIONS

- Parameterized Complexity of List Coloring and Max Coloring
  Bardiya Aryanfard, Fahad Panolan
  CSR 2022. (Link to paper)
- Improved Lower Bounds for Privacy under Continual Release
  Bardiya Aryanfard, Monika Henzinger, David Saulpic, A. R. Sricharan
  PODS 2026. (Link to paper)
- On Differentially Private Mechanisms for Linear Regression
  Bardiya Aryanfard, Monika Henzinger, Farhood Rostamkhani
  NeurIPS 2026

COURSE PROJECTS

Implementation of Heuristic Methods for the Travelling Salesman Problem
As part of the course *Introduction to Combinatorial Optimization*. GitHub Link

HONORS & AWARDS

- Ranked 1st in Iran's National Graduate University Entrance Examination for Computer Science (2023)
- Ranked 344th among 47,193 in University Entrance Exam for Iran's major cities (2018)
- Bronze Medal in 27th National Informatics Olympiad (2017)

SKILLS

- Programming: Java, C/C++, Python, JavaScript
- Tools: MATLAB, LaTeX, Ipe

TEACHING ASSISTANTSHIPS

- Introduction to Cryptography
- Data Structures and Algorithms
- Data Transportation and Networks

RELEVANT COURSEWORK

Grades are reported in the original university scale (Iran: 20 = highest; Austria: 1 = highest).

- Algorithms for Data Science (1/5)
- Algorithms with Differential Privacy (Pass)
- Data Structures (20/20)
- Analysis of Algorithms (19.9/20)
- Distributed Systems (19.7/20)
- Introduction to Cryptography (18.7/20)
- Introduction to Combinatorial Optimization (19.2/20)
- Coding Theory (M.Sc.) (19.0/20)
- Approximation Algorithms (M.Sc.) (19.2/20)
